Typical Trump. Some good stuff somewhere in here...but a lot of fluff also. Worth the money? No. There is better for less.

The Cds, Dvd and workbook was in top condition. Pretty much close to brand new. I am more than satisfied.

This CD set is by far the best compilation of material amassed of how a business man should see the world. I was skeptical at the high price of admit ion and thought that maybe it would be another one of Trumps name dropping "I've done this," like his books. WOW I WAS DEAD WRONG. Trump assembled a group of the best specialist and had them speak on what they know best. Your end result is a masterpiece of knowledge on all subjects that are life changing and mindset changing. All I can say is that I was not disappointed at any moment and would have gladly paid 3x the price of admit ion! The information in this CD set is truly powerful, and a must have for anyone that wants to strengthen there business character.

Only Con I have is that I wish I had found this CD set when it first came out a few years ago!

This is the best example of how a big household name like Trump can be used to market and over price products that are truly shameful and rubbish. I could not believe the contents of this Cds. I thought higher of Mr. Trump's products before listening to these videos. I was fortunate enough to resell it rapidly on Amazon's marketplace and did not loose much money. The name, the marketing and the packaging will lead you to believe you are buying a great product, but honestly this is not. I beleive this is my only one star review for an Amazon product in years, but this one, truly deserves it. Two stars on it would be overselling its virtues! Very incompetent and over priced!

The Wealth Builder's Blueprint is a terrific product, jam-packed with wealth creation tips, tactics and strategies from Donald Trump and his wealth creation team. If you're a Trump fan -- or if you like the television show "The Apprentice" -- you'll love this product. Trump's DVD lays out his tips on how to be successful, set the standard, never give up and create wealth. It's classic Trump: bold, pithy and entertaining. Dolf de Roos (real estate), Jeff Burrows (entrepreneurs), Les Hewitt and Dr. Stephanie Burns are also terrific on their CDs in this product. This would make a great gift for any Trump fan; it's well worth checking out.

Mr Trump Christ McLeod is a fine observer of the world and one of the most bold leaders able to change for the better all the people really interested to live they're birthright to the pursuit of the health wealth and happiness, no matter what the economics are throwing on us!

His ability to explain the basics of the economics and how the decisions are made in the most adverse

bussiness conditions, is a wise decision to learn from the best and from the ones walk the talk with proven results, and more important, still focus on win-win kind of the Art of the Deal!

FELLOW AMERICANS!

DO NOT ASK YOURSELF WHAT AMERICA CAN DO FOR YOU
BUT ASK YOURSELF WHAT YOU CAN DO FOR AMERICA?

MAY START WITH THE JUSTICE?

Obama should not be President - Birth Certificate from Kenya - Congress should investigate - this may be the PROOF - Where are the experts? Can anyone verify this?

Where is the media to investigate this?

This would absolutely be an UNCONSTITUTIONAL GOVERNMENT
Is This Obama's Birth Certificate From Mombasa, Kenya?

Obama is NOT qualified to be our President and he sits in the White House illegally.
This is what Obama has spent almost \$2M (so far) to hide.

In a move certain to fuel the debate over Obama's qualifications for the presidency, the group "Americans for Freedom of Information" has released copies of President Obama's college transcripts from Occidental College ...

The transcript indicates that Obama, under the name Barry Soetoro, received financial aid as a foreign student from Indonesia while an undergraduate at the school. The transcript was released by Occidental College in compliance with a court order in a suit brought by the group in the Superior Court of California . The transcript shows that Obama (Soetoro) applied for financial aid and was awarded a fellowship for foreign students from the Fulbright Foundation Scholarship program. To qualify for this scholarship, a student must claim foreign citizenship. This document provides the smoking gun that many of Obama's detractors have been seeking - that he is NOT a natural-born citizen of the United States - necessary to be President of these United States. Along with the evidence that he was first born in Kenya , here we see that there is no record of him ever applying for US citizenship..

Gary Kreep of the United States Justice Foundation has released the results of their investigation of Obama's campaign spending. This study estimates that Obama has spent upwards of \$950,000 in campaign funds in the past year with eleven law firms in 12 states for legal resources to block disclosure of any of his personal records.

Mr. Kreep indicated that the investigation is still on-going but that the final report will be provided to the U.S. attorney general, Eric Holder. Mr. Holder has refused comment on this matter.
