Reviews of the *My Book of the Guitar* *by* Andreas Segovia

Vaua

This is an excellent book for the beginning classical guitarist seeking a self paced method of instruction. The book was written with the child musician in mind, but the level of difficulty really is more appropriate to an adult beginner. Especially nice are the short pieces at the end of the book. They are relatively simple but effective at building basic technique. At the same time they are musically very pleasing to the ear, such that you can play them over and over without becoming bored with the music. It is unfortunate they stopped publishing this small book.

Bad Sunny

This is the best beginner guitar, because it comes from the best guitarist. Segovia was uniquely Segovia, that's why he is the best while the rest of us chase who we are.
