Reviews of the **One Word that will Change Your Life** by Dan Britton

you secret

I've read so many self help books & I never tire of the teachings from great authors like Covey, Spencer, & Ury. There's definitely a connection for me with Jon Gordon's books as everything he says resonates with me. This book has been THE most EFFECTIVE book in making the shift towards empowerment! Within 24 hours of pure dedicated time to go through the process of obtaining my ONE word, a real change emerged immediately. Early on after discovering my ONE word, opposition & frustration surfaced in a big way however, equipped with my ONE WORD, I powered through the storm & persevered & triumphed. I think that's the name of the game of life! There will be buffetings & attacks to destroy our best intentions but the POWER arrives because we are actively engaged in we aligning ourselves with an even greater source of POWER. Brilliantly written book as all of Gordon's books are & he can get us to THINK & DO what we should be doing all along. THANK YOU Mr. Gordon!

Road.to sliver

This short little book can have a huge impact on your life. I decided to try it instead of creating resolutions for the new year. The concept is that a word will come to you that you will live your life by for one year. I thought my word was "healthy" but to my surprise, a few days later, an odd thing happened to me and I really can't explain it. I was dealing with some stressful stuff and all of a sudden, I thought I heard someone say "have faith." I realized that "faith" was my word for 2014 and have been following the suggestions in the book. While the book does have religious tones to it, it is not an in your face kind of thing. For those of you looking for some guidance in life, this may do the trick. I highly recommend it.

This is my second season to create my One Word. I plan to be more focused, and attentive to hearing God's voice for me.

I started using this three years ago. I love the concept. Every year my children and I pick our word for the year. Once a week we talk about how things are going. I love think idea, much better than setting a bunch of unrealistic goals.

I am a huge fan of Jon Gordon and his collaboration on this book is evident. I gave a copy to all of my employees for Christmas and most of them read it from start to finish in one sitting. It takes only 45 minutes to read and is a great concept. My word for 2013 is Balance.

A very easy to understand read, that encourages you to select a word that you will live by for the next 12 months to improve your life with yourself, others and God. The only way it won't work is if you do not put the effort into action.
