Reviews of the **Ethics Management for Public Administrators: Building Organizations of Integrity** *by* Donald C Menzel

Tejar

Ethics sounds like a very boring subject to study, but this book is actually quite interesting. The topics and situations are up-to-date and relative to things we face in current times. This was the text book for a class I had to take. As far as textbooks, this is one of the better ones.

Hard to follow at times. It is one of four books that I need to read at the moment but it is interesting.
