This handbook is designed to help students find quick answers to their questions about the writing required in their workplace and in the real world.

Muriel Harris was the director of the Purdue Writing Center where she worked elbow-to-elbow with students and for over twenty-five years. As she worked with students, she realized that they asked the same questions over and over. Based on her experience with thousands of students in the writing center, Muriel Harris authored this spiral-bound, tabbed and brief handbook. Her unique feature, "Compare and Correct," and "Question and Correct," allows students to find what they need to help themselves with their writing, without needing to know the terms of grammar. Muriel Harris' Prentice Hall Reference Guide is the easiest handbook for students and instructors to use.

It has been very helpful in my studies, not only for my English class, but for other writing classes as well.

Love Me

This book was a requirement for a public relations communication class I had taken in college. Overall this book provides great references for writing introductory business papers. The ability to check spelling or common grammar errors is great and this reference guide couldn't make it any easier. The book has easy to view tabs on the side labeled with the different topics making for quick lookup of examples. I would recommend this book not only for the type of class I took but also for any introductory English or business class as well. This text is a real life saver and helps to avoid those points that get taken off for grammar, spelling and syntax.
